Johnson Brothers and Misener Marine / Wilbur Smith Associates
Kiewit Southern Company / HNTB Corporation

Addendum No.: 7

Project #: E2N35

Design Build for construction of SR 9B from US 1 to SR 9A in Duval County, a limited access concrete road construction project on a new alignment, Jacksonville, Florida.

Project #s: **209293-2 ARRA 550B and 209294-1 ARRA 549B**

The following information is for Bridges numbered as 720711 and 720712.

The lowest bridge member over the entire width of the Northern Overpass Parcel shall have no less vertical clearance above the referenced finish grade elevation than that described below. The referenced finish grade shall be that finish grade at 201.00 feet right of Station 351+40.00 (1 foot outside of the 9B Right-of-Way). All elevations shall be national geodetic vertical datum (NGVD) 1929. If the referenced finish grade is elevation 41.60 or greater, the minimum vertical clearance shall be 19.13 feet above elevation 41.60. If the referenced finish grade is elevation 41.59 or less, the minimum vertical clearance shall be 19.0 feet above the referenced finished grade elevation.

The new bid documents will be sent by another addendum after January 4, 2010.

Please sign, date and email a copy of this addendum back to me today to indicate receipt. A copy of all addendums are to be returned with your bid package.
